collect life's adventures

2024

**Hello!** My name is Melissa, the founder and designer of this jewelry line.

I started my namesake studio in the beautiful hills of Virginia in 2005. Born and raised in the foothills of the Blue Ridge Mountains, I am inspired by adventure and my love of the outdoors.

It's more than just a jewelry line to me. I have always loved creating, but in 2016, everything changed.

"She's fading."

That is the last thing you want to hear in the hospital.

My mind was still fuzzy from the anesthesia, but I clearly remember hearing those jarring words, the machines beeping, and the doctors and nurses rushing around.

Kind of cliché, but life just kind of flashed before my eyes. So many wonderful moments, but there was still so much more that I wanted to do...to see...to experience.

That curiosity and wonder is what gave me the strength to get back on my feet. Recovery took months, and it took me a while before I could even walk on my own.

So what did I do? I booked a trip to Acadia National Park. With nature cheering me on, I was bound and determined to get back out on the trails.

Nearly 9 months later, I found myself on the Ocean Path Trail at Acadia National Park. I have always loved hiking and being outdoors, but there was something special and different about that moment.

The sunshine, the waves, the beauty that surrounded me. It all made my heart sing. I needed to find a way to capture that magical moment.

My jewelry line was reborn. Each piece I create harnesses the beauty and joy of nature. They celebrate what we love, turning moments into tangible memories that we can keep close to our hearts.

## Collect Life's Adventures

My eco-friendly, handmade, durable pieces are made for life's adventures – these lightweight designs are easy to wear and they are also easy to care for. They spark wonder and encourage us to dream. Dreaming of swimming with sea turtles? There's a necklace for that – wear it as a reminder to never stop dreaming.

I hope these designs inspire you to get out there and collect life's adventures. Follow your dreams. Get out there and explore somewhere new. Try a new fruit. Learn a new language. The world is your oyster.

## Commitment to the Environment

Melissa Lew jewelry is consciously handmade in her studio in Virginia from a variety of eco-friendly materials, including stainless steel and bamboo. Pieces are made to order/small batches to ensure less waste. All cards are printed on recycled stock with vegetable inks. Protective cello bags are compostable (made from plants). Melissa Lew is also a proud partner of One Tree Planted; a tree is planted for every necklace or bracelet sold.

## Commitment to Community

Community is the cornerstone of Melissa Lew jewelry; I am proud to partner with a variety of non-profits who share a vision of making the world a better, more inspired place. Since 2012, I have donated over \$200,000 in products, services, and funds to non-profits in my community, including animal rescues, wellness and mental health non-profits, educational non-profits, and charities dedicated to ending homelessness. Thank you so much for your continued support! Together, we can make a difference.
